Subject: Thank you - emergency housing

Dear Colonel Spacy,

My family and I can't thank you and the Prairies and everyone on staff enough for the emergency housing. We moved in on Friday, thinking we'd only be there a day or two. Tonight is night #5. We are weary from the continuing outage and related problems, but the housing has made such a difference! It has given us the cohesion we need as a family during a time of "modernized" survival.

Thank you! Thank your staff and all for stepping in and giving a hand.
May God Bless You All as You Have Blessed Us.

Rachel Hock
