Mr. Dalton,

I am writing to let you know about our recent experience with the Leasing Office at The Properties at Wright Field.

My wife and I have been working with Ms. Angel Lowe, Leasing Professional, for the last eight months and she has been wonderful to work with. This will be our first base housing experience and Angel could not have made it an easier process for us. She gave us all the resources that we need and answered our endless number of questions. She even went out of her way to take pictures of homes to email us. She has taken away any reservations we had about living in base housing.

Her dedication and hard work should be recognized and she is a valuable asset to your team. We look forward to our move to The Prairies in August!

Respectfully,

Daniel A. Urban, Capt, USAF
